

1.
The possibility of action: might not be clear for everyone, but the colours raise awareness for driver
Tag: red-white pattern
Mapping: none
Feedback: none
Good design/*medium design*/bad design: decent style, but functionwise it works well

2.
The possibility of action: a barrier separating the road and the pavement
Tag: red-white pattern
Mapping: none
Feedback: none
Good design/*medium design*/bad design: decent style, but functional

3.
The possibility of action: comes from common knowledge
Tag: none
Mapping: none
Feedback: none
Good design/*medium design*/bad design: functional, but it could look better

4.
The possibility of action: comes from common knowledge
Tag: handle
Mapping: none
Feedback: none
Good design/*medium design*/bad design: I have seen worse looking ones

5.
The possibility of action: clear use - to throw trash into
Tag: none
Mapping: none
Feedback: none
Good design/*medium design*/bad design: even though it is functional, the design is not so appealing

6.

The possibility of action: clear

Tag: none

Mapping: none

Feedback: none

Good design/*medium design*/bad design: it looks alright and has a top cover which prevents trash flowing out

7.

The possibility of action: clear for everyone

Tag: none

Mapping: none

Feedback: none

Good design/*medium design*/*bad design*: it just does not look appealing at all even though it is functional

8.

The possibility of action: comes from common knowledge

Tag: none

Mapping: none

Feedback: none

Good design/*medium design*/bad design: it look nice, the top hole is smaller so the trash will not fly out

9.

The possibility of action: clear use

Tag: hand symbol, bulges for blind people

Mapping: natural (push)

Feedback: red light and sound

Good design/*medium design*/bad design: functional and user-friendly, but average look

10.

The possibility of action: comes from acquired knowledge

Tag: buttons with numbers and labels

Mapping: natural, follows the way we think and read generally

Feedback: none, maybe a sound

Good design/*medium design*/*bad design*: minimalistic look, but not so rational placement of numbers
